

## Fashionable Death

Twain funny reporting  
his new demise  
greatly exaggerated.

But Maven has or  
has not expired.

Web explains true, so  
fatal ceremonies set

to nudge the fashion  
where those who pout

to love, and vice versa,  
can come out. Hedgers  
get a pass if desired.

Way it goes for those  
who thus have chosen,  
or been.
